

## JURY FINDS FOR WESTERLY PLAINTIFF

Mrs. Mary G. Knight Awarded \$1,000 Damages in Suit Against Town—Four-Year-Old Samuel Clark, Jr., Falls From Icehouse Wharf and Drowns—Kendall-Parker Marriage.

The final session of the superior court for Washington county was held in Westbury, Friday, and final adjournment was reached when the jury in the case of Mary G. Knight against the town of Westbury returned a verdict. This case has occupied the attention of Judge Charles W. Burrows and a jury four days and was an action in which Mrs. Knight sought to recover damages of \$4000, the limit allowance for injuries caused by a defective sidewalk. When the court opened the arguments were commenced, an hour each being apportioned to Town Solicitor Agard and to Attorney Albert B. Crafts, counsel for plaintiff. Judge Burrows gave his charge to the jury, finishing at 1.30.

At 3.30 the jury returned to the court room, and through Foreman Albert Brown, reported a verdict for the plaintiff to recover \$1,000 in damages.

Borough Votes \$1,064 for Loper Fire Alarm System—Amos G. Park Held for Trial—Wife Furnishes Bond.

That the voters of the borough believe in the policy of encouraging home industries was demonstrated by the action taken in the special borough meeting, when an improved system of fire alarm was under consideration. The Loper system, which has been in use in the borough for several years, and the first to be installed by Mr. Loper, the originator of the system, and which since then has been so much improved that but very little of the original plan remains was the one adopted. By this action the value of the improved system is recognized and the inventor, a resident of the borough, receives the endorsement of his home people. Warden Cornelius B. Crandall presided at the meeting and Charles B. States was the clerk. On motion of Dr. James H. Weeks, the plans and specifications of the fire alarm system, proposed by the officers of the fire department, was accepted. The sum of \$1,064.44 was appropriated for the installation and care of the system for three years. Then the subject matter was given over to a committee composed of Assistant Chief Engineer Charles B. Main, Dr. James H. Weeks and Edward D. Chesbro. Eight new positive non-interference firm alarm boxes will be installed and the present whistle and motive power will be retained. The wire used will be No. 12 triple braided and galvanized. The current will be provided by a 22-cell battery and guaranteed for five years.

State Has No Funds to Continue the Highway.

The newly built cement highway from the east border of the borough to a point not far from the railroad station in Mystic, and all in the town of Stonington, is nearly completed, and now there is a plan started to have this modernly constructed highway continued on to the bridge over the Mystic river, which is the dividing line of the towns of Stonington and Groton. This extension can be made at a cost of \$6,000, but the state highway commissioner has no funds available for that purpose. So nothing can be done along that line without state appropriation and the legislature does not convene until January, 1916.

Town Court Cases.

Deputy Judge Lorenzo D. Fairbrother presided at a session of the Stonington town court, Friday morning. The case of Amos G. Park of Mystic, accused of indecent assault in connection with the Mystic scandal of two years ago, was called. Park demurred to the complaint and he was held for trial at the next term of the criminal side of the superior court of New London county, in a bond of \$1,000, which was furnished by Mrs. Parks. Originally Park forfeited a small bond, but was located and arrested in New Haven a few weeks ago by the state police, the case being continued to Friday.

Dogwicks Brothers in Row.

John and Edward Dogwick were before the court charged with a breach of the peace, which had strong resemblance of a family row. Judge Fairbrother continued John's case until next Monday. The case against Edward was nolle prosequere on payment of costs. The state grand officers made an official visit Friday evening to Ocean View commandery, United Order Golden Cross.

Miss Mary Freeman of Norwich is a guest of Rev. and Mrs. Dwight C. Stone.

Past President Eliza J. Ingham, of Westbury installed the officers at the annual assembly of the Rebekah lodges of Rhode Island, in Providence, Thursday afternoon, as follows:

Mary E. Munro of Bristol, president; Lucy A. Gill of Pawtucket, vice president; Emma M. Fellows, of Providence, warden; Cora A. Aldrich, of Providence secretary; Elizabeth M. Mowry, of Providence, treasurer.

President Mowry announced these appointments: Mary R. Fish of Bristol, marshal; Annie S. Ashton, of Bristol, conductor; Rosema W. Brown, of Bristol, chaplain; Luenda P. Buffington, of Warren, inside guardian; Cynthia M. Capwell, of Phenix, outside guardian; Rebecca H. Chase, of Providence, Lottie L. Lewis of Pawtucket, J. Emma Adams of Auburn, Tristram Mowry of Providence, Kirtland A. Wilson of Providence, executive committee.

At the opening of the morning session there was the usual ceremony of admitting past noble grand and past grand to the conference, the reports of officers and committees were received. The final session was held in the Matheson Street Methodist Episcopal church, which in addition to the Rebekah officers and delegates, was attended by Mrs. Mary Gaynor, president of the Rebekah assembly of Boston, and staff, and the Rhode Island State officers of the Independent Order of Odd Fellows.

Samuel Clark, Jr., four years old was drowned in the Pawtucket river late Friday afternoon. The boy, with others, was at play on the old ice house wharf, when he fell overboard. The shouts of the other boys attracted the attention of Peter Hogan and he hurried to the wharf, jumped into the water and dove several times in the hope of getting the boy in time to be resuscitated, but without avail. He then made a search for the body and finally brought it to the surface and to the shore.

Dr. Scanlon, medical examiner for the town of Westbury was notified but the case was not within his jurisdiction, the drowning having occurred in the Connecticut side of the river and in the town of Stonington. Dr. D. Stanton, medical examiner of the town of Stonington viewed the body, which was removed to the home of the parents.

Local Laocoon.

All cases on the docket of the Third District court were continued for one week, at the session held in Westbury, Friday.

Dr. George R. Irving, of Narragansett Pier, has resigned as medical examiner for the Sixth district, Washington county. He is soon to move from the state.

George Leland Miner, of Providence, read an interesting paper on Old Graveyards and Stones at the regular meeting of the Westbury Historical society. Mrs. Oscar Wells, Mr. and Mrs. Edwin A. Hall and Mrs. Edward Lueck were admitted to membership.

Miss Fanny Elizabeth, daughter of Mr. and Mrs. John Parker, and Nathan Greenleaf Kendall, of Bangor, Maine, were married at the home of the bride's parents in School street, Thursday afternoon. Rev. Lyman C. Horton, pastor of the Grace Methodist church officiating, assisted by Rev. Joseph Cooper of Brockton, Mass., a brother-in-law of the bride. Mrs. Katherine P. Scott, sister of the bride, was maid of honor, and Ralph R. Spargo, was best man. Mr. and Mrs. Kendall will make their home in Bath, Me.

### MYSTIC

Extension of Cement Highway Petitioned For—Flag Drapes Casket of John T. Haas—Ledyard Engagement.

The petition being circulated in the village on the East Side to have the town of Stonington arrange for the continuation of the cement construction for the highway from where the state work is to leave off, at the telephone station, to the drawbridge, is receiving plenty of signatures. Some seem to be of the opinion that this is a matter that the town of Stonington should attend to.

If information on the subject is correct, Highway Commissioner Bennett has said that he will cement the road the remaining distance to the bridge, just as soon as he can get an appropriation for this work. The amount will be about \$6,000 and the appropriation of course cannot be obtained until the next session of the legislature. For this reason it is not to be expected that the town of Stonington will vote to expend \$6,000 for this work. It would be a big improvement along Broadway, between the telephone exchange and the monument, especially during wet weather. There is always mud along this stretch, not only when there is a storm, but for weeks afterward and during the winter months, unless the ground is frozen.

Funeral of John T. Haas. The funeral of John T. Haas was held Friday from the home of his son, Archibald Haas, on Church street and was attended by many relatives and friends. Rev. A. H. Barrington of St. Mark's Episcopal church conducted the services. Members of Williams post, G. A. R., attended in a body and the American flag was draped on the casket. Burial was in Elm Grove cemetery.

Eccleston-Brown Engagement.

Mr. and Mrs. Joseph Eccleston have announced the engagement of their daughter, Miss Phyllis Eccleston, to Philip Brown, son of William Brown of Ledyard. The wedding will take place this fall.

Village Varieties.

Mrs. Mary Church of Montville is the guest of her sister, Mrs. Amos Hancock.

Mr. and Mrs. Walter Backus of South Windham are in town for a few days' stay.

Mr. and Mrs. John Lewis have returned from a visit in Boston.

Mrs. Herbert Davis is visiting in Boston.

George H. Greenman spent Friday in Ashaway.

Mr. and Mrs. William Meyers of New York are visiting in Mystic.

Mr. and Mrs. Walter Lewis have returned to New York, after a visit in the village.

FRENCH CENSORS CRITICIZED BY EDITOR CLEMENCEAU

For Court-martial in Paris of M. Louis Leroux.

Paris, Oct. 15.—The censor, after coming in for so much criticism from Clemenceau of the Homme Enchaîné and other discontented editors has just been attacked before the court-martial of Paris by M. Jacques Bonzon, who was defending before the second court-martial of Paris M. Louis Leroux, charged with spreading reports.

"The censor," cried Mr. Bonzon, "is an indefinable person with nineteen tentacles without apparently a single head."

The law of 1881, M. Bonzon recalled, "punished only the publication of false reports spread in bad faith, while the law of 1914 prohibits even the divulging of military or diplomatic truths if they are of a nature to exercise a harmful influence on the state of mind of the army or the population. Only the government may tell the truth, even political."

which means that we have accorded to the present ministry what Viscount Chateaubriand would not have conceded to the King, what Lacordaire would have denied to the Pope, and what Victor Hugo would not have permitted to the rising republic."

The court-martial appears to uphold the censor, for in spite of Mr. Leroux's regrets they fined him fifty francs.

Mackerel Visiting German Waters.

Berlin, Oct. 14.—The fact that mackerel are visiting German waters in such unprecedented numbers this autumn is due to great shoals of sprat, which are eagerly sought by the mackerel as food. The sprat, a small fish about six inches in length, is itself caught and smoked for the German market in huge quantities; hence the visit of the sprat and mackerel is proving a double blessing to the German people.
